------------------------------------	---------------------------------------	---	--

SETTING DRY CREEK SAUVIGNON BLANC APART

- This elegant wine reflects the vision of our second generation to produce Sauvignon Blanc that expresses Dry Creek Valley's unique *terroir*, with racy acidity and a full-bodied mouthfeel.
- Distinctive and unusual clones of 16% Sauvignon Musqué and 3% Sauvignon Gris provide added dimension and depth.
- Stainless steel fermentation was supplemented with small amounts of acacia, French oak and chestnut barrels to lend additional character and nuance to this delicious wine.
- Commemorative packaging honors our family winery's 50-year legacy.
